

# 1. Our School

## 1.1 Brief History

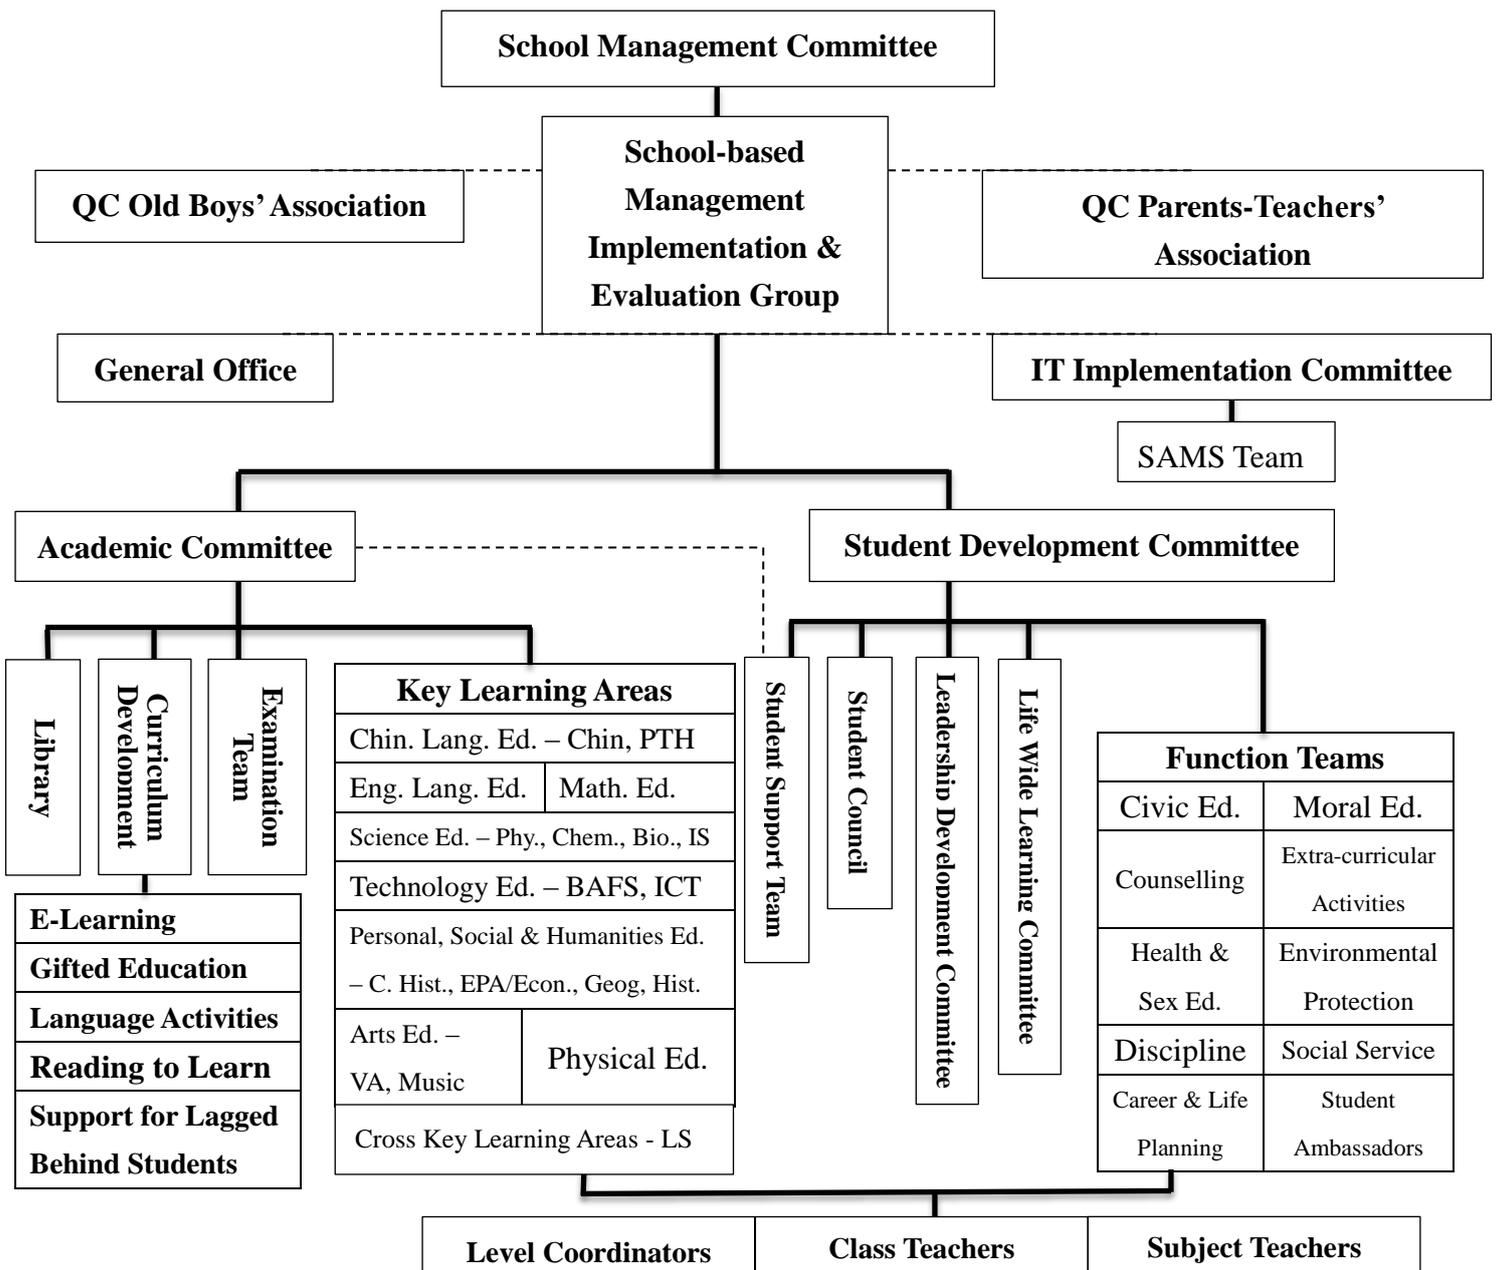

The Government Central School was founded in 1862 at Gough Street, Central, as the first government school for boys. It was then re-sited to Aberdeen Street in the Central District in 1889, with its name changed to Victoria College. In 1894, the school was renamed as Queen’s College. After World War II, the school was re-opened at Kennedy Road. In 1950, Queen’s College was relocated to Causeway Road, its present site, and since then Queen’s College has been a whole-day secondary school for boys.

## 1.2 School Building

There are altogether 29 Classrooms, 5 Science Laboratories, 2 Computer Rooms, 3 e-learning Centers, 1 Lecture Room, 1 History Museum, 1 Language Room, 1 Visual Arts Room, 1 Music Room, 1 Discipline and Counselling Room, 1 Social Worker’s Room, 1 Interview Room, 1 Library and 1 Conference Room. The multi-purpose School Hall is on the ground floor. For recreation and outdoor activities, there are 2 Playgrounds, 1 School Garden (Morning Sun Corner), 1 Gymnasium and 1 Student Activity Centre.

## 1.3 Management and Organization

2016/17

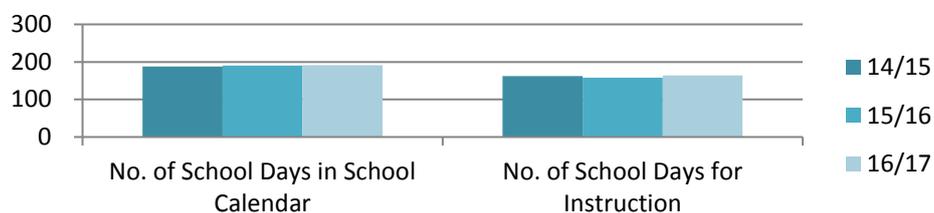

## 1.4 School Management

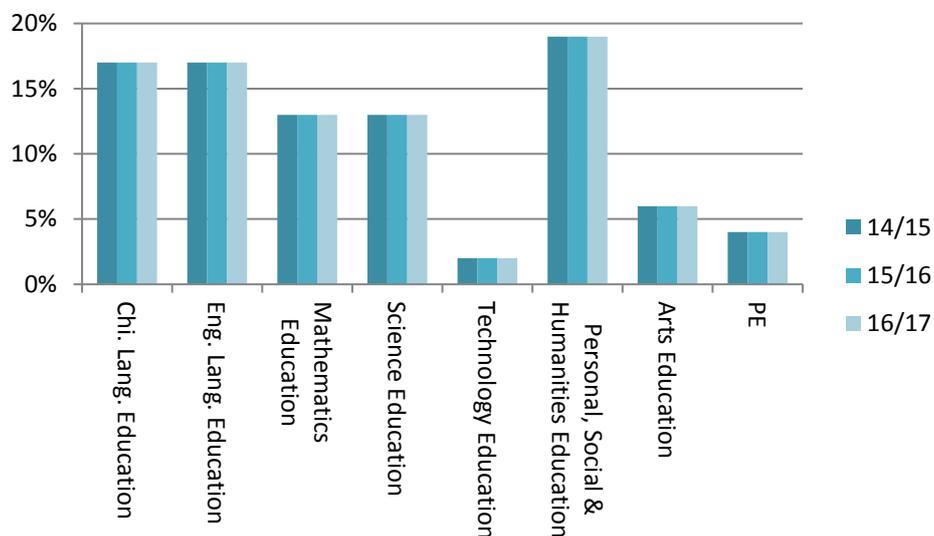

School Management Committee was set up in September 1999 to implement school-based management. The composition of School Management Committee in recent years has been as follows:

Member	Sponsoring Body	Principal	Parent	Teacher	Alumni	Independent
<b>14/15</b>	1 (10.0%)	1 (10.0%)	2 (20.0%)	2 (20.0%)	2 (20.0%)	2 (20.0%)
<b>15/16</b>	1 (10.0%)	1 (10.0%)	2 (20.0%)	2 (20.0%)	2 (20.0%)	2 (20.0%)
<b>16/17</b>	1 (10.0%)	1 (10.0%)	2 (20.0%)	2 (20.0%)	2 (20.0%)	2 (20.0%)

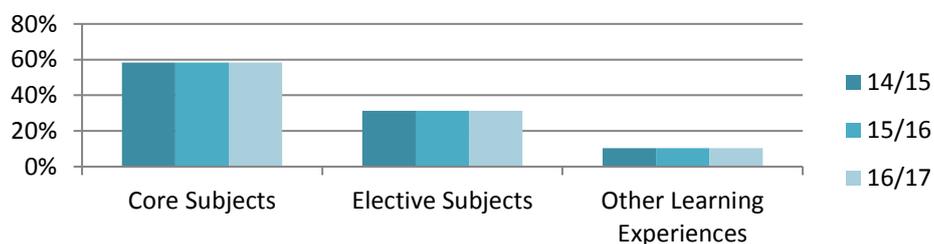

## 1.5 Number of Active School Days

## 1.6 Lesson Time for the 8 Key Learning Areas

## 1.7 Lesson Time for the Senior Secondary Learning Areas

## **2. Areas of Major Concern: Achievements & Reflections**

### **Task 1: Promotion of Self-directed Learning**

#### **Aims**

In order to promote Self-directed Learning (SDL), students' knowledge and skills in SDL were nurtured through e-learning and extended learning activities so as to equip them as capable life-long learners. Teachers were also encouraged to enrich their professional knowledge and skills in SDL and use e-learning tools related to SDL so as to facilitate teaching and learning.

#### **Achievements**

Apart from the work done in the last academic year such as promoting the use of Learning Management System among teachers through workshops, project learning, learning style workshop and introducing different e-learning platforms, more plans were implemented to promote SDL among students.

**Teaching departments:** 15 teaching departments incorporated plans into the teaching schemes of at least one level to promote SDL through different Learning Management Systems.

**Overseas study tours and exchange programs:** Students were given opportunities to learn outside school so as to encourage open and self-directed exploration through overseas study tours and exchange programs to countries such as Mainland China, Japan, South Korea and Singapore. An important and new event organized was the 'International STEM Education Week' involving our students and their buddies from Melbourne High School (Australia) and Ulsan Meister High School (South Korea). This activity facilitated both academic and cultural exchange. During that week, students took part in STEM programmes at HKUST, HKU and CUHK and participated in some STEM programmes organized by our school.

**Extended learning activities related to STEM:** Students' SDL skills were enhanced through extended learning activities related to STEM which included 4 STEM education talks by famous scientists who were Old Boys of QC. Students joined various inter-school contests and thanks to the guidance of teachers and their efforts in doing research, they had the chance to join international competitions such as Odyssey of the Mind 2017 World Finals in Michigan, USA and 2017 World GreenMech Contest in Jiaxing, China.

**Learning without borders:** Videos on how to master examination skills in tackling HKDSE Liberal Studies Examination were produced and could be accessed through the Learning Management System to promote learning without borders.

**Staff development:** A talk on Flipped Classroom was conducted by Professor Hau Ki Tai, Choh-Ming Li Professor of Educational Psychology, CUHK, on the First Staff Development Day to equip teachers with professional knowledge and skills in learning and assessment design for SDL.

#### **Reflections**

The second year of implementing 'Promotion of Self-directed Learning' brought solid progress among both students and teachers. With the collaboration of different function teams, subject departments and various parties of the school and close partners outside school such as top local universities, much more would be expected to be achieved in the next academic year.

## **Task 2: Strengthening of Life Planning Education and Careers Guidance**

**2016-2017**

### **Aims**

As one of the school's major concerns, the CLP Team, Counselling Team and the Leadership Development Committee cooperated with other function teams to improve the Career and Life Planning of QC boys in three main areas: (a) to organize Career and Life Planning programmes, (b) to organize subject-related programmes and (c) to facilitate students' personal growth and leadership development through organizing year-round extra-curricular programmes.

### **Achievements**

**Promoting life planning awareness:** Self-understanding workshops were held for both Secondary 1 and 2 students. To help students recognize the careers that their personality is best suited for, a Career Test and Personality Workshops were organized for students in junior forms on three separate occasions throughout the academic year. Promoting appropriate value orientations is also pivotal to good Career and Life Planning. Therefore "Value Orientations for CLP Workshop" was held for Secondary 2 students. For Secondary 3 students, Life-wide Learning periods covered elements of life planning.

**Careers and Further Education Exploration:** Careers and further education exploration help students make informed CLP choices. CLP workplace visits were organized for Secondary 2 and 3 students to explore different careers in real settings. Secondary 3 students visited Hong Kong Monetary Authority, Electrical and Mechanical Services Department, North Point Fire Station and Oasis Nursing Home in March 2017. Secondary 2 students visited North Point Harbour Plaza Hotel, the Customs and Excise Department Headquarters Building, North Point Fire Station and Oasis Nursing Home in April 2017. Visits to university campus and hospital were also organized for senior form students, for example, Li Ka Shing Faculty of Medicine of The University of Hong Kong and the Gleneagles Hong Kong Hospital. Students learnt more about the nature of different university programmes and the JUPAS mechanism.

To provide sufficient and updated information for students to study abroad, overseas university talks on studying in the US, the UK, Singapore and Japan were held. For example, admission talks about The National University of Singapore and Waseda University of Japan were held in early September 2016. Representatives from the universities provided details on benefits of studying abroad, admission requirements, scholarships and financial aids for students.

**Careers Magazines and Parents' Nights:** *Decision* and *Divination* were the two school-based Careers Magazines edited by Career Counsellors and distributed to S3 and S6 students and parents. *Decision* aimed at not only providing S3 students and parents essential and objective information regarding elective choices in Senior Secondary, but also giving first-person advice from students who are currently studying the core subjects and electives to the S3 students. *Divination* was the publication providing the latest information on JUPAS and other pathways to S6 students. Both magazines were distributed at Parents' Meetings which were occasions when parents and teachers freely discussed their boys' life planning.

**Partnership with Old Boys' Association:** The Team partnered with the Queen's College Old Boys' Association to organize Career and Life Planning programmes, making use of the professional network of old boys as a resource for enriching students' careers-related experiences. The QCOBA Mentorship Programme 2017 proved to be a success. A team of mentors participated in sharing sessions with their mentees sharing life experiences. The old boys also provided job shadowing and internship programmes on fields of law, real estate, property management, architecture, engineering and information technology for Secondary 5 and 6 students during the summer vacation. Student participants found the job shadowing and internship programmes rewarding and useful for their future careers. They had the chance to have real career experiences and that increased students' confidence in university interviews and future job seeking. There were also JUPAS mock interview sessions, old boys' sharing on preparation for HKDSE/JUPAS and stress management conducted by old boys including Dr. York Chow Yat-ngok, Mr Peter Lai Hing-ling and Mr Choi Chee-cheong.

**CLP Education for Careers Counsellors:** The Student Support Team organized an overnight inclusive education camp for S3 students. Our students teamed up with students from a special school. Through a series of group games, students were able to learn more about accepting other people's differences. It was an amazing experience for them to develop social and personal skills conducive to life planning.

**Electives and Careers Expos:** A Secondary 3 Electives Workshop held by Careers Counsellors focused on different elective subjects in Senior Secondary. CLP Expos are a great way for students to receive both information and advice from professionals in different fields. At the Career Expo organized by our alumni on 30 June 2017, Secondary 4 and 5 students had the chance to hear from frontline professionals from a wide range of fields such as medicine, law, politics and communication, ICT and technology, construction and engineering, and entrepreneurship and management.

**Engagement Programmes:** Students were encouraged to participate in the engagement programmes organized by various institutions such as HKU Academy for the Talented, CUHK PACC Forum, the Hong Kong Aviation Management Programme, Civil Engineering Summer Programme, HKU/CUHK Surgical Taster Day, HKU BioMedical Science Research Programme, CUHK Clinical Attachment Summer Programme and HKU/CUHK Pharmacy Youth Education Scheme 2017. They found the programmes helpful for them to make career and university choices.

**Counselling Service:** Students who had questions related to careers and further education often sought advice from Careers Masters, Class Teachers, and Careers Counsellors. Careers Teachers and Class Teachers answered students' and parents' enquiries on the day when the HKDSE results were released, and on many other occasions.

**Administrative affairs related to further education:** The Team kept records of processed students' applications for HKDSE and JUPAS, international examinations and overseas scholarships and university applications.

**Subject-related programmes:** In collaboration with the English Language Department, a JUPAS Personal Statement Workshop was held for Secondary 6 students. Secondary 3, 4 and 5 students read newspaper articles related to CLP values and wrote self-reflections. Secondary 5 Mathematics Extended Module I students attended a seminar at school on "Applications of Statistics". The Liberal Studies Department organized a workshop on learning styles for S1 students. After the workshop, they had a better understanding of their own learning styles and improvements could be made. Our Economics and Business, Accounting and Financial Studies students participated in the Junior Achievement Young Entrepreneurship Project. Throughout the past few months, our school's JA company 'Phantasy' designed backpacks and sold them successfully at the trade fair at Charter Garden. Students gained hands-on experience in running a business under the mentorship of a business adviser for eight months. A visit to the CUHK Geography and Resource Management Centre was organized by the Geography Department. Students learnt more about different geography related jobs in the careers talk provided by the centre.

**Leadership Development of Students:** The Counselling Team facilitated CLP initiatives through active cultivation of leadership. Assembly sharing sessions on 7 Habits helped students realize that leadership potentials are possible in everyone as long as they take the initiative and implement their plans step by step. The S1 Orientation program helped new students to understand important internal and external skills and cultivate their responsible and optimistic attitude in CLP. S1 and S2 peer counselling programmes helped students build good qualities for a future leader. The Leadership for Tomorrow program prepared S4 students for important challenges ahead in life planning, equipping them with skills and appropriate mindsets.

## **Reflections**

With the support of various function teams, QC Old Boys' Association, QC Parents-Teachers' Association, external organizations and companies and tertiary education institutes, CLP programmes 2016-17 were conducted successfully.

## **Task 3: Promotion of School Ethos through 155<sup>th</sup> Anniversary Celebration**

### **Aims**

A series of celebration events, including a concert, celebrity talks, an art exhibition, a logo and souvenir design competition, a webpage design competition, publications of Chinese and English essays, will be held. These events have been planned and implemented under the proactive leadership by the 155<sup>th</sup> Anniversary Celebration Team and the collaboration between school management, function teams, subject departments, Parents-Teachers' Association and Queen's College Old Boys' Association. The ultimate goal is to promote our school ethos and enhance the sense of belonging among students and teachers.

### **Achievements**

#### **Kick-off Ceremony**

7 balloons printed with "QC155" were passed throughout the School Hall amidst joy and laughter, encouraging students to pass QC's fine traditions and core values on to their brothers and continue to strive for excellence. The Kick-off Ceremony held on 23<sup>rd</sup> January, 2017 marked an important milestone in the celebration of the school's 155th anniversary, as it is considered as the starting point of a series of anniversary celebrations in the future.

#### **History Museum**

There was strong collaboration among our History Department, students, old boys, teachers and external organizations. Students learned a lot in processing artifacts and historical photos. The Unveiling Ceremony of the History Museum was successfully held at the School Hall on 23<sup>rd</sup> January, 2017. Students were given opportunities to develop a sense of responsibility. The History Museum became a highlight of the Open Days. It continues to serve as an asset to our school to allow visitors understand more about QC's history.

#### **Visual Arts Exhibition**

The Visual Arts Exhibition was held at the Central Library from 1<sup>st</sup> March to 8<sup>th</sup> March 2017. The exhibition was jointly held with Queen's College Old Boys' Association Secondary School. 7,324 visitors attended the Exhibition, which proved to be an effective way to consolidate unity.

#### **Celebrities Talks**

The first Celebrity Talk was delivered by Professor LAI Hing-ling and Professor HO Koon-wan. Professor LAI talked about how one should regard history, while Dr HO introduced outstanding alumni in the early years of the school. The second Celebrity Talk was conducted by Professor YUEN Kwok-yung who shared his life experience with students from Queen's College, Belilios Public School and St. Paul's Convent School. The third Celebrity Talk was delivered by Professor SHEN Simon Xu-hui who talked about international relations. Students from Clementi Secondary School was invited to attend the talk. Students benefitted enormously from their interesting sharing.

#### **Open Days**

The Open Days serve to promote the values and ethos of QC. A record breaking number of 8,390 visitors on the 155<sup>th</sup> Anniversary Open Days. There was very good feedback not only from visitors but also from the newspapers. The closing ceremony of the Open Days was accompanied by the singing of the school song with all the guests, the orchestra and the choir.

## Reflections

Different parties have contributed their expertise and cooperated with each other in planning and implementing the events. With the effective collaboration of different teams, departments and relevant stakeholders, the preparation and first-stage implementation of various events of the 155<sup>th</sup> Anniversary Celebration were smooth. The aim in the first two years of the “Promotion of School Ethos through 155<sup>th</sup> Anniversary Celebration” has been achieved.

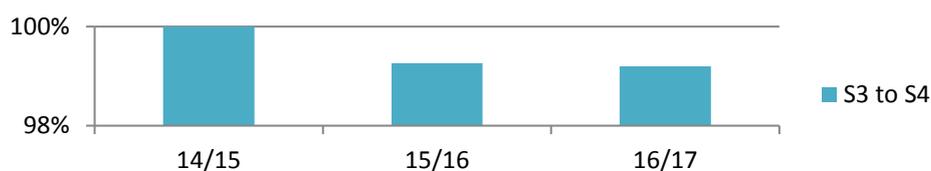

# 3. Our Learning and Teaching

## A. Our Students

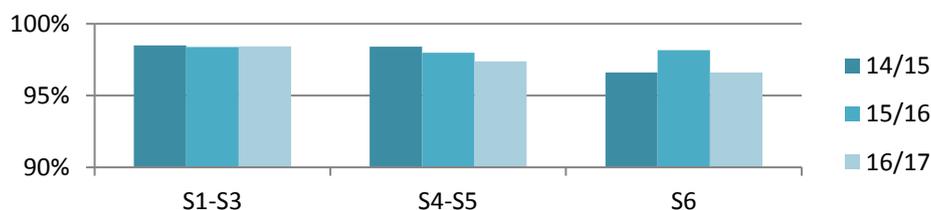

### 3.1 Class Organization

Level	S1	S2	S3	S4	S5	S6	Total
No. of Classes	4	4	4	4	4	4	24
Total Enrolment	144	145	142	136	143	134	844

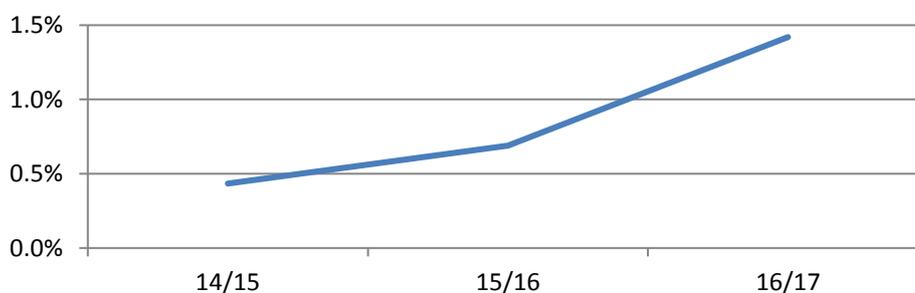

#### Promotion of S.3 Students

### 3.2 Students' Attendance

### 3.3 Students' Early Exit

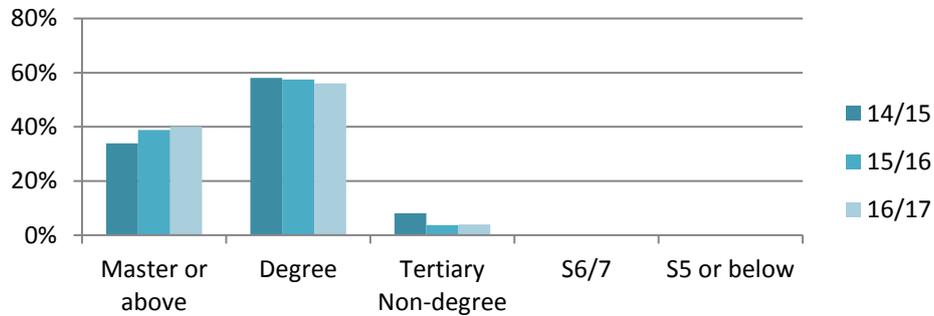

## B. Our Teachers

### 3.4 Number of Teachers

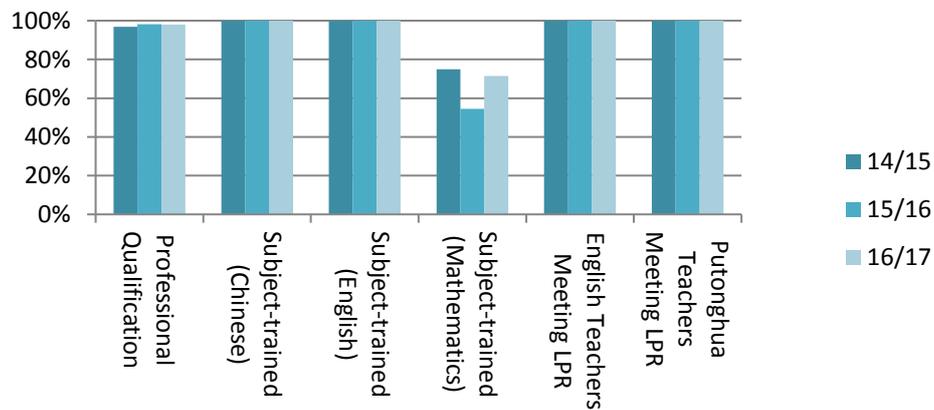

School year	14/15	15/16	16/17
Number of teachers	61	58	57

### 3.5 Teachers' Qualification

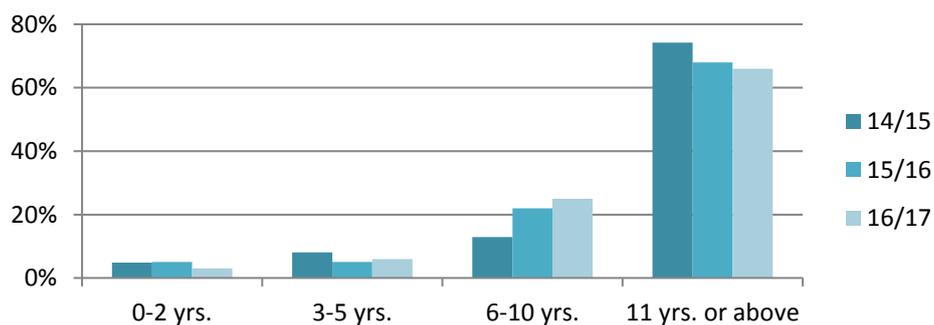

#### Academic Qualification

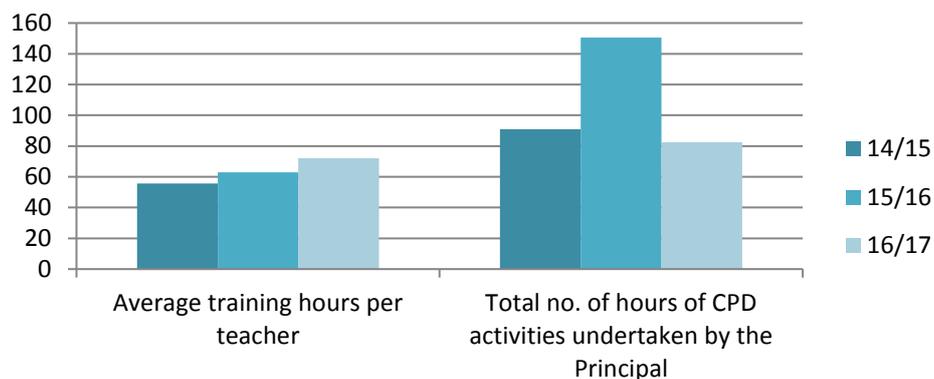

#### Professional Qualifications

### 3.6 Teachers' Experience

### 3.7 Teachers' Professional Development

### 3.8 Commendations of Teachers

In 2016-2017, our school joined the 22<sup>nd</sup> Teacher Commendation Scheme organized by the Education Bureau. Ten teachers, Mr. CHAN Yuk-lun, Ms. CHAN Yuen-mei, Mr. KO Wing-cheung, Ms. KOO Sung-en, Ms. YUEN Ling-chun, Mr. LEUNG Wai-shun, Mr. LAU Yiu-man, Ms. CHIU Ming-sze, Mr. YIP Hon-kei and Mr. YU Wai-keung were elected by students and teachers for commendation. Teachers recommended to the Education Bureau for the award of Commendation Certificates were Ms. KOO Sung-en and Mr. LEUNG Wai-shun.

## 4. Support for Student Development

On top of facilitating students' academic achievement, our school endeavours to foster whole-person development among students. In 2016-17, various function teams made concerted efforts in nurturing our students to become valued members of our society.

The Counselling Team launched comprehensive remedial and developmental programmes to facilitate students' personal growth. The Peer Concern and Guidance Scheme was effective in creating a strong sense of brotherhood and a caring atmosphere in school. In the Scheme, Peer Counsellors and Counselling Prefects played an important role as big brothers and role models for their S1 and S2 schoolmates. The S1 Orientation Day and Camp, S1 subject talks, S2 Conflict Resolution Camp, S1 Orienteering Competition and other inter-level activities provided a platform for senior form students to approach their younger brothers and guide them on character building. Moreover, the school-based Life-wide Learning periods, Adventure-ship Partnership Programme, advanced training on emotional management, adventure-based counselling training and archery targeted at nurturing respectful and responsible manners and positive beliefs for facing adversity among senior form students.

The Discipline Team held three prefect training workshops for S3 and S4 prefects in September, October 2016 and July 2017. The workshops aimed at teaching students the importance of cooperation and strengthening team spirit among discipline prefects. It was also hoped that the prefects could develop a positive attitude towards embracing challenges in future. In the workshops, participating prefects made good efforts to achieve the goals. In the evaluation session, a number of participants reflected they had learnt a lot about working with others and tackling complicated problems which might arise when they performed their duties.

The Moral Education Team promoted ethical values among students and helped them develop proper virtues and conduct. The Team organized a variety of programmes and activities in 2016-2017. The Promoting Moral Values through Reading Scheme was effective in creating an atmosphere of mutual appreciation among students, helping them develop proper values and a positive attitude towards life. The Edifying Reading Scheme helped students reflect on their behaviour. Life-wide Learning periods and a number of competitions were also held to help students establish good habits and proper moral values.

The Civic Education Team organized a number of activities in 2016-17 to promote civic education and enhance students' understanding of our country. They included a career and cultural study tour to Tokyo, Chinese Cultural Week, Chinese History and Current News Quiz, Top Ten News Election and Hong Kong Election Talk.

The Career and Life Planning Team (CLP) issued regular publications and held a wide range of talks on subject choices, study skills and JUPAS applications for students and their parents so as to help students to make informed choices for their future. There were also workshops on writing university application statements and briefing sessions on overseas studies and scholarship applications. CLP workplace visits were organized for Secondary 2 and 3 students to explore different careers in real settings. On 30 June 2017, the Team organized a Career Expo with Queen's College Old Boys' Association for senior form students. Old boys also provided job shadowing and internship programmes on fields of legal, real estate and property management, architecture, engineering and information technology for Secondary 5 and 6 students during the summer vacation. Before and after the DSE results were released, a series of individual and group counselling sessions on further education opportunities were provided to S6 students and their parents.

Financed by the Beat Drugs Fund, the Health and Sex Education Team has been implementing the Healthy School Programme with a focus on anti-drug elements since 2011. The Team continued to work with the Tung Wah Group of Hospitals CROSS Centre in 2016-17 to organize a range of activities, together with our school-based programmes, to help students think positively, establish healthy life-styles and develop positive values.

The Student Support Team continued to provide individual support to students with special educational needs (SEN). The School-based Educational Psychologist visited our school twice a month to conduct assessments of SEN cases, hold meetings with students, teachers and parents and offer advice on enhancing learning and teaching of SEN students. The SEN Teaching Assistant offered intensive everyday assistance to students with special physical or emotional needs. A series of individual or group intervention programmes for students with Autism and Attention Deficit Disorders were conducted by Educational Psychologists or Behavioral Consultants. With the Learning Support Grant for Secondary Schools provided by the EDB, programmes were implemented to promote inclusive education.

To enhance students' environmental awareness, a number of activities such as Green Week, City Tracing (Co-organised with DGS), talks, No Air-conditioner Night, Earth Hour, Beach Cleaning (Lei Yue Mun), field trips to Lai Chi Wo, Tai Tam Reservoir, High Island Geopark, red packets recycling, donation of stationery to Salvation Army and Inter-Class Waste Paper Competition were held in 2016-2017. Apart from these, our school joined the Student Environmental Protection Ambassador Scheme 2016-17 organized by the Education Bureau and the Environmental Protection Department, in which 13 Student Environmental Protection

Ambassadors won the Merit Awards and 13 students were awarded 'Basic Environmental Badge' and 5 students were awarded 'Specific Environmental Badge'. Three students were granted the "Outstanding Student Environmental Protection Ambassadors Awards" with Gold Prize and Silver Prizes. We also received great support from parents. Over 87% and 96% families agreed to join the 'No Air Conditioner Night' and 'Earth Hour' respectively. In short, the school year 2016-17 saw active participation from students and their parents in environmental protection.

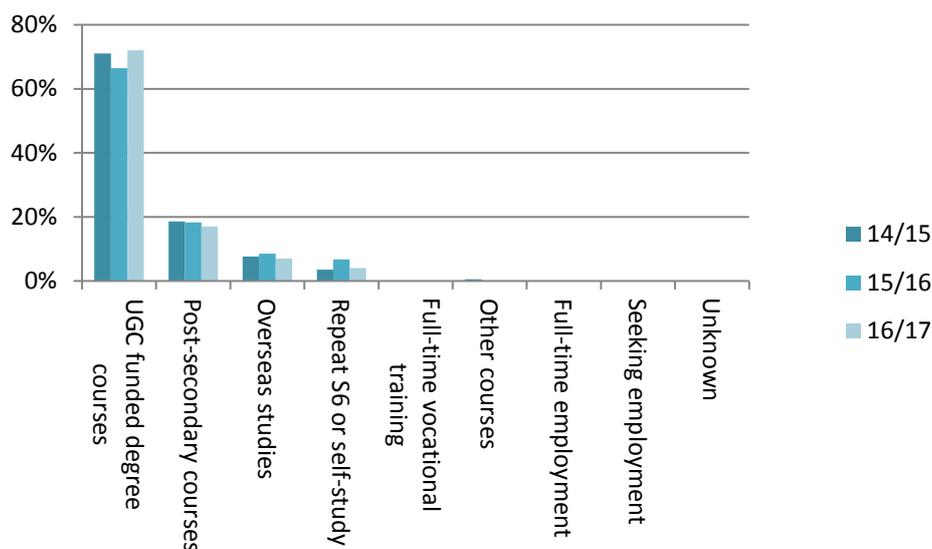

Aiming at fully exploring and developing the potentials of gifted students, the Gifted Education Team provided students with opportunities to receive education at appropriate levels. In 2015-17, Integrated Science Department joined Self-Directed Learning in Science supported by The University of Hong Kong. From the project, our students learnt scientific investigation skills and applied the concept of Self-directed Learning into their work. Students not only developed their creativity, but also applied their knowledge in their daily lives. Moreover, the Team organized various training programmes, including QC Mathematics Olympiad and QC Physics Olympiad. In addition, gifted students were invited to undergo training to explore their thinking skills and creativity. Our school cooperated with local tertiary institutions and provided regular programmes to our students, such as "Fuel cell vehicle design" workshop. Furthermore, to enhance our students' academic knowledge and practical skills, our school joined different competitions such as Creative Coder Competition, 2017 Odyssey of the Mind World Finals and 2017 World GreenMech Contest.

The Leadership Development Team offered a range of activities for our students in 2016-17. At the adventure-based Leadership Training Camp held in October 2016, all 144 S4 students and 6 S5 leaders (Discipline core prefects) were able to develop problem-solving abilities and teamwork through completing various tasks. The team also collaborated with the Counselling Team and held the S.1 Orienteering in November 2016, in which all 144 S1 students, 47 S4 and S5 Counselling Prefects participated; while in another collaboration 27 S4 and S5 Counselling Prefects joined the Adventure Ship Partnership Programme in November 2016. The winning team in the orienteering further participated in the Eldpathy activity later in December 2016. Besides, 29 S2 students attended the 7-Habits Workshop, and 15 S4 and S5 students completed the negotiation and mediation workshop. In the Queen's College – Diocesan Girls' School exchange programme held in February 2017, 10 S4 students from each school participated in various activities, including formal lessons and a leadership workshop. These activities were beneficial to the participants' personal development and thus they were able to make a positive impact on their peers.

## 5. Performance of Students

### 5.1 Destination of exit students

#### Secondary 6 Graduates

### 5.2 Students' Reading Habit

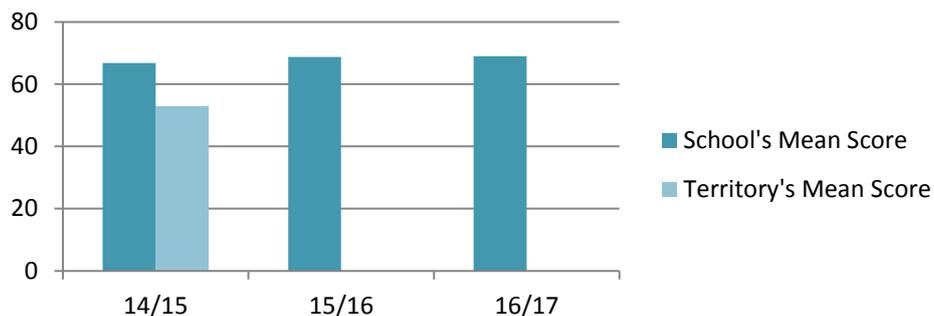

Average no. of hours spent on reading books, newspapers and electronic information per week

	14/15		15/16		16/17	
	S1 – S3	S4 – S6	S1 – S3	S4 – S6	S1 – S3	S4 – S6
English reading materials	2.8	3.0	2.2	2.4	2.8	2.9
Chinese reading materials	7.2	7.5	3.2	3.3	3.6	3.5

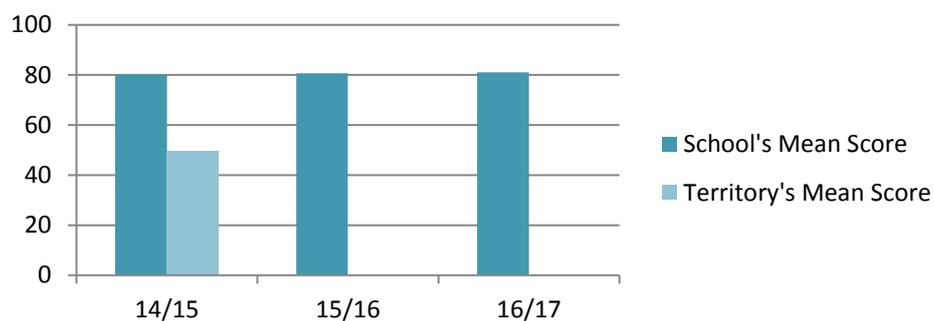

- (1) Our students spent around 3 hours per week on both Chinese and English extra-curricular reading and most students favoured Chinese reading materials.
- (2) Our students were interested in four types of reading materials in the following order, namely fiction, leisure, Mathematics and Science as well as World History.
- (3) Diverse reading activities were organized last year and students were exposed to a bigger quantity and a wider variety of reading materials.

### 5.3 Results of Hong Kong Attainment Test (Pre-S1)

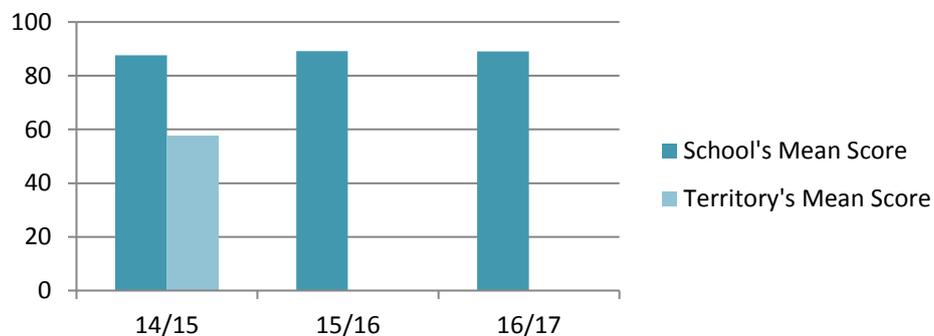

#### CHINESE (Pre-S1)

#### ENGLISH (Pre-S1)

#### MATHEMATICS (Pre-S1)

### 5.4 Results of Hong Kong Diploma of Secondary Education Examination 2017

Statistics related to university admission (minimum entrance requirements)

	All candidates (%)	Queen's College (%)
Core Subjects at 3322 or better	35.7	90.2
Core Subjects at 3322 or better, with one elective at level 2+	35.5	90.2
Core Subjects at 3322 or better, with two electives at level 2+	33.7	90.2

# Highlights of School Activities

## 155<sup>th</sup> Anniversary Celebration

155<sup>th</sup> Anniversary Kick-off Ceremony

Opening of History Museum

155<sup>th</sup> Anniversary Swimming Gala

155<sup>th</sup> Anniversary Athletic Meet

Joint School Art Exhibition

Forming the 155<sup>th</sup> Anniversary icon

Celebrity Talk – Prof. Yuen Kwok-yung

Celebrity Talk – Dr Simon Shen Xu Hui

## School Major Events

Annual Speech Day

SU Inauguration

Foundation Day

Visit by Dr. Lily Sun Sui-fong (Granddaughter of Dr. Sen Yat-sen)

Morrison Scholarship AGM

Teacher-Student Game Day

S6 Graduation Ceremony

School Picnic

## Awards and Scholarships

Odyssey of the Mind 2017 (World Finals)

2017 World GreenMech Contest

Hong Kong Biology Olympiad for Secondary Schools 2017 - Practical Test

IJSO HK Screening Prize-Giving Ceremony

Creative Coder Competition 2017

HKICPA Scholarship - BAFS 2017

Hong Kong Physics Olympiad 2017

STEM Education Challenge 2016

## Exchange Programmes

Cultural and STEM Tour to Ulsan Meister High School

Singapore-Hong Kong Exchange Programme 2017

Beijing 101 Middle School Visiting QC

CLP and Civic Education Study Tour to Tokyo

Nanjing-Shanghai Study Tour

QC-DGS Exchange Program

Taiwan Sports Training Program

Beijing 101 Middle School Exchange Program

## STEM Education Activities

HKU CITE The Young Scientists' Party

Workshops in Sik Sik Yuen Biotech Mobile Lab

Hong Kong Technology and Renewable Energy Events

The 'Little Big Ideas' Invention Programme

International STEM Week

Joint School Astronomy Night

STEM Talk – Prof Rocky S Duan

Sharing of the Chinese Astronaut – Wang Yaping

## Whole Person Development

JA Company Programme Trade Fair 2016

Inclusive Community Exploration Day

Service Learning

S1 Orienteering

Green Week

Blood Donation Day

Healthy School Program – Let's Shine

S4 Leadership Training Camp

## PTA and OBA Functions

1966(CE) Reunion

Oral History Project: Professor Tony Chan

A visit to PMQ

Mentorship Scheme

PTA AGM

PTA 'Walk with You' and PTA Volunteers Certificate Presentation Ceremony

PTA Mainland Study Tour

PTA Excursion - "Hiking with Fun"

## 6. Financial Summary

### **Non-school Specific Grants**

Type of Grant	Income	Expenditure
Expanded Subject & Curriculum Block Grant for 2016-2017 School Year (1.9.2016-31.8.2017)	<b>\$308,845.40</b>	<b>\$267,011.75</b>

### **School Specific Grants**

Type of Grants	Use	Expenditure
Composite IT Grant	Employment of two IT assistants and other maintenance charges	The total expenditure for 2016/17 was <b>\$393,072.40</b> . About 94.64% of the fund has been used and the surplus of <b>\$23,316.10</b> will be carried forward.
Capacity Enhancement Grant	Employment of 3 Teaching Assistants for English, Chinese and IT/Mathematics	The total expenditure for 2016/17 was <b>\$521,145.00</b> . About 93.76% of the fund has been used and the surplus of <b>\$67,403.17</b> will be carried forward.

### **Additional Grants**

Type of Grants	Use	Expenditure
Learning Support Grant for GSS	Employment of SEN Teaching Assistant, Purchasing furniture, books, Speech Therapist workshop	The total expenditure for 2016/17 was <b>\$389,341.37</b> . About 95.09% of the fund has been used and the surplus of <b>\$20,098.38</b> will be carried forward.
School-based After-school Learning & Support Programmes	Organizing after-school activities for CSSA recipients and SFAS (full grant) recipients	The total expenditure for 2016/17 school year was <b>\$52,220.00</b> . About 91.94% of the fund has been used and the <b>\$4,580.00</b> will be claw back.
Moral and National Support Grant	Employment of 1 Teaching Assistant, Printing of Booklets	The total expenditure for 2016/17 was <b>\$194,245.48</b> . About 39.87% of the fund has been used and the surplus of <b>\$292,944.52</b> will be carried forward.
Grant for School-based Support for Non-Chinese Speaking (NCS) Students-GSS	Employment of 2 NCS Teachers	The total expenditure for 2016/17 was <b>\$725,115.62</b> . About 87.10% of the fund has been used and the surplus of <b>\$107,376.00</b> will be carried forward.
Extra-senior Secondary Curriculum Support Grant	Part of the salary and MPF of 2 Chinese supply Teachers	The total expenditure for 2016/17 was <b>\$115,815.00</b> . About 17.02% of the fund has been used and the surplus of <b>\$564,575.00</b> will be carried forward.

Type of Grants	Use	Expenditure
Senior Secondary Curriculum Support Grant	Employment of 1 extra Liberal Studies Teacher	The total expenditure for 2016/17 was <b>\$506,487.00</b> . About 98.64% of the fund has been used and the surplus of <b>\$6,980.00</b> will be carried forward.
Diversity Learning Grant for – (Other Programmes)	Gifted Education and Music Programme	The total expenditure for 2016/17 was <b>\$81,340.00</b> . About 65.45% of the fund has been used and the surplus of <b>\$42,934.00</b> will be carried forward.
Diversity Learning Grant – (Applied Learning) 2014-16, 2015-17 Cohorts	Tuition Fees for 1 student who took Applied Learning	The total expenditure for 2016/17 was <b>\$6,950.00</b> . 100% of the fund has been used.
Teacher Relief Grant	Employment of Supply Teachers	The total expenditure for 2016/17 was <b>\$226,598.20</b> . About 37.86% of the fund has been used and the surplus of <b>\$371,886.80</b> will be carried forward.
Grant for School Enhancement Wifi Infrastructure and acquiring Mobile Computer Devices	Procurement of Wifi service	The total expenditure for 2016/17 was <b>\$49,000.00</b> . 100.00% of the fund has been used.
Career and Life Planning Grant	Employment of 1 Teacher and 1 Teaching Assistant	The total expenditure for 2016/17 was <b>\$564,263.39</b> . About 96.92% of the fund has been used and the surplus of <b>\$17,951.61</b> will be carried forward.
