Parents-Teachers' Association

Annual Report 2021-2022

The Queen's College Parents-Teachers' Association (QCPTA) was established in 1989 and is in its 33rd session during year 2021-2022. QCPTA organizes a variety of events every year to foster the linkage between the school and families of QC boys. In addition, the events of QCPTA help connect parents and teachers and enhance their relationship.

This year is the 160th anniversary of Queen's College. QCPTA arranged an event "2022 'Walk with You' 1.60 km Fund-raising Challenge". Although the pandemic and social distancing protocols meant the event was held on a virtual basis, the activity was successfully held during the period from 12 August to 12 September 2022. The fund raised is for the events of the 160th Anniversary of Queen's college and the QCPTA Scholarship. We would like to thank all the participants for supporting QCPTA.

In the past year, in response to the epidemic, the activities of QCPTA inevitably had to be changed. The arrangements of our activities were adjusted with due consideration of the epidemic situation. Therefore, different options were prepared to cope with various emergencies when organizing activities. On account of public health and social distancing measures, some activities, such as "Member Activities", "Annual Dinner" and "Second-hand Book Sale and uniform Donation" were cancelled this year.

Moreover, with the good collaboration of our executive committee member and the devoted support from the school and our fellow members, a number of events and activities were organized. These help to keep our members connected and focused on objectives central to the needs of our children, families, and the school. Below are the highlights.
